Would I Lie to You? Web App: Change Request 02

Request

Item	Detail
Change request	CR-02
Raised by	Abdul-Haque Mohammed (project manager)
Date raised	Thursday 12 November 2026
Requested of	Graham Fry (client)
Status	Awaiting client decision

Change: remove Claude as a lie source. Lies come from the free local AI model (Ollama) by default, or from the built-in lie bank.

Why: Claude needs a paid API key, an account with credit, and an internet connection. Since CR-01 added a free local model, Claude is no longer needed, and removing it means the game has no running costs and no API key to manage or leak.

What changes for players: the setup screen offers two choices instead of three: Local AI (default) and Lie bank. Everything else stays the same.

Already done: the change has been built and tested ahead of approval so the work fits in the planned development time. If CR-02 is rejected, Claude can be put back from the project history in about 30 minutes.

Impact

Area	Impact
Time	About 30 minutes; already built. Handover date does not move
Cost	Saves the Claude API cost (under 1p a game). The game now costs nothing to run
Lie quality	Local AI lies are less polished than Claude's. Prompt improvements made under CR-01 reduce the gap; the lie bank remains as a backup
Security	Lower risk: no API key anywhere in the project
Risk	Low. If Ollama is not installed or not running, the game falls back to the lie bank and says so

Documents that change

Document	Change
WILTY (BRD)	Version 1.2. FR5 now refers to the local AI model; FR19, FR20 and FR24 no longer mention Claude; NFR4 changes from "API key never committed" to "no secrets in the code"; assumptions and risks updated
WILTY (TEST REQUIREMENTS)	TC04 and TC05 now test the local AI; TC30 (Claude response time) becomes local AI response time
WILTY (MODULE BREAKDOWN)	M4 becomes `ai_prompt.py` (shared prompt and checks); `claude_client.py` removed
WILTY (PROJECT PLAN)	Change log updated; budget shows no running cost

Client decision

- ☐ **Approve:** remove Claude as described
- ☐ **Reject:** put Claude back as a third option
